⊟ Wins/Losses Reload Page Bug Report

in list <u>To Do</u>

☰ Description   Edit

Reloading the page does not reset the wins/losses.

Steps to Reproduce

1. Navigate to <u>http://localhost:3000</u>

2. Click on 'Draw' button

3. Click 'Add to Duo' button for two bots

4. Click 'Duel!' button at the bottom of the page.

5. Keep track of your wins/losses

6. Notice either the wins or losses got incremented by 1.

7. Reload page

8. Check the wins/losses

Expected result

- Wins/losses should be back at 0.

Actual result

- Wins/losses remained the same.

Environment

- Google Chrome version 96

- Windows 10 Home version 21H1
